Donuts

BakeMark has been operating for over 200 years.

While the world has changed, we have always maintained our roots.

That means providing the highest quality ingredients and service to our partners in the baking industry.

At BakeMark, we specialize in providing top-quality mixes, bases, fillings, icings, glazes, toppings, inclusions and baking tools. We started as a small shop, and because of our unyielding commitment to our customers, we have grown into North America’s largest bakery ingredient manufacturer and distributor.

Best Brands

When bakers decide that they want to utilize the best ingredients for delicious, flavorful, and superior-quality donuts, they trust BakeMark to deliver. Our yeast raised donut mixes raise the bar for a mouthwatering experience, and have done so for over 100 years.

Volume, flavor, and consistency are the core differences that set our donut mixes apart, and an extended shelf life with minimal processing means that our mixes are a cut above the rest.
